

Sensitive Data Exposure

So, how can I get those information...

- 通靈 / 經驗
- 用工具自動化掃描 (阿！就是暴力拆開啊！)
- 開發者耍笨直接寫在網站上

Sensitive Data Exposure

Example

- Something for developer (.tmp / test.php / a.js / temp.html)
- System generate (index.php.swp / index.php.save / index.php~)
- Application config file (.env / .config)
- Other
 - robots.txt
 - /phpmyadmin /admin
 - More example
